Facial Emotion Recognition Research

1. Research Project Title

Emotion detection and Interactive behaviour for Companion Robot

2. Researcher Details

Name: Hanafi Bin Shafie

Affiliation: University of Hertfordshire

Programme: MSc Data Science

Contact Email: hanafi89@hotmail.sg

3. Purpose of the Study

This study aims to develop and evaluate a facial emotion recognition system using images of facial expressions.

4. Participation

You will provide facial images displaying different emotions (e.g., happy, sad, neutral, angry, surprised).

5. Use of Data

Images will be used for academic research only and will be anonymised.

6. Data Protection

Data will be stored securely and handled according to GDPR and university ethical guidelines.

7. Voluntary Participation

Participation is voluntary and you may withdraw at any time.

8. Risks

No significant risks are expected.

9. Benefits

No direct benefits; contributes to AI research.

10. Withdrawal

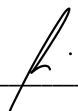

You may request your data to be deleted at any time.

11. Consent Statement

I agree to participate and allow my facial images to be used for research purposes.
